note : Fi is a money management platform that re-imagines the banking experience in India. The Fi account, in partnership with Federal Bank, is a digital bank account that gives you the fastest way to open a bank account online. You can do everything from the Fi App, including p2p payments, fund transfers, bill payments, and more, with features to automate every action. You also get a Fi Debit card, spends insights and tools to grow your investment and earn rewards. **Disclaimer:** You may have noticed some brand logos used on this website to indicate where you, as a user, may or may not have spent money. We don't endorse these brands. Nor do these brands endorse us. The logos of the specific brands are owned by them.
